## HIGH SCHOOL NEWS

### SHAKESPEARE AND MONOLOGUES

On Friday, November 2, six high school students competed in the third-annual Shakespeare Competition at MCHS, which required them to perform Shakespearean monologues from the play Henry IV, Part 2. The purpose of the competition is to equip students to glorify God by improving their communication skills and increasing their love for great literature. A panel of five faculty judges selected Noah Sullivan '19 as the winner, Cory Backues '20 as runner-up, and Rei-Ann Rius '21 as Honorable Mention. Special thanks to our judges: Mrs. Kelly Rodriguez, Mrs. Amy Youssi, Mrs. Virginia Chasey, Mr. Eric Martin, and Mrs. Raechele White; and thanks also to Principal Plotnik for his assistance and support.

## JUNIOR HIGH NEWS

### UHHHHHMAZING NIGHT, WHAT'S THAT ALL ABOUT?

JH ASB hosted the third annual Uhhhhhazing Night of Fun last Thursday. Sixth grade was the grand champion against both seventh and eighth grades in a game of extreme dodgeball! Next up...consume massive amounts of junk food and then onto the scavenger hunt that led teams around the MCS campus in the dark to various puzzles. The final challenge was to build the highest tower using the materials provided. It was a tie between a team of eighth graders and sixth graders. It was an uhhhhhazing night!

## SHARING TREATS FROM KOREA!

It's not often our students have an opportunity to taste authentic treats from another country, but that was not the case recently for some of our 8th grade students. Daeyeon Ko, an 8th grade international student at MCS, shared authentic Korean candy with his Geometry classmates. Daeyeon's mother sent him bags of Korean candy after hearing from her son that his classmates were very interested in sampling candy from his home country. The students were able to select from a variety of Korean candy sent by Mrs. Ko. Daeyeon was happy and eager to share his favorite candy recommendations, and a part of his home culture with his new circle of friends. Building relationships with fellow students is one of the many blessings at MCS!

### SCIENCE AND BUBBLES!

Hands-on projects are a great way to engage students. The tactile approach helps students to retain information about the subject they are learning. So, out came the pipe cleaners! Our Pre-K students used their creativity to form their very own bubble wands. After they made their wands, they dipped them into bubble solution, and experimented to see how big they could blow a bubble. Bubbles floated into the air causing much excitement!
